INDEX TO VOLUME LXXV

Pagination According to Months:
July, 1944, pp. 1–72
August, 1944, pp. 73–148
September, 1944, pp. 149–325
October, 1944, pp. 199–252
November, 1944, pp. 253–325
December, 1944, pp. 326–451

Acute Syphilitic Meningitis Treated with Penicillin. Nelson, Russell A., and Duncan, Leroy 327
Ajello, Libero (see Keeney, Edmund L.) 377, 417, 393, 410
Albanese, Anthony A. (See Holt, L. Emmett, Jr.) 353
Albanese, Anthony A.: The Utilization of d-Amino Acids by Man. I. Tryptophane, Methionine and Phenylalanine 175
Alexander, Theodore, O.: Irradiation Pneumonitis. Report of a Case 199
Angiotonin and Epinephrin, the Effect of Intravenous Injection, Before and After the Production of Neurogenic Hypertension. Thomas, Caroline Bedell, and McLean, Ross L. 319
Atypical Pneumonia: A Diagnostic Problem in the Tropics. Tumulty, Philip A. 269
Austrian, Robert (See Whitehill, Richard) 232

Bacon, Jane (See Keeney, Edmund L.) 417
Bigham, Roy S. Jr., (See Howard, John Eager) 209
Bliss, Eleanor A.: A Comparison of the Bacteriostatic Activities of Some of the Newer Sulfonamide Compounds 1
Book Reviews 67, 144, 193
Bordley, James III (See Newman, Elliot V.) 253
Britt, Sophia Baker Louise (See Keeney, Edmund L.) 417
Broyles, Edwin N. (See Keeney, Edmund L.) 417
Buschke, Wilhelm (See Wintrobe, Maxwell M.) 102

Cartwright, G. E.: Tryptophane Derivatives in the Urine of Pyridoxine-Deficient Swine 35
Cataracts of Occurrence of Riboflavin Deficiency in Swine. Wintrobe, Maxwell M., Buschke, Wilhelm, Follis, Richard H. Jr., and Humphreys, Stewart 102
Chesney, Alan M.: "Rights, Honors and Privileges thereto Appertaining." 149
Chorionic Gonadotropin and Pregnanediol Values in Normal Pregnancy. Jones, G. E. Seegaro, Delfs, E., and Stran, H. M. 359
Cold Hemagglutination in Primary Atypical Pneumonia. Streeter, George A., Farmer, Thomas W., and Hayes Guy S. 60
Comparison of the Bacteriosatic Activities of Some of the Newer Sulfonamide Compounds. Bliss, Eleanor A., and Deitz, Helen C. 1
Coronary Occlusion by Dissection of the Coronary Artery, by Dissecting Aneurysm. Wainwright, Charles W. 81
d-Amino Acids, The Utilization by Man. I. Tryptophane, Methionine and Phenylalanine. Albanese, Anthony A., Frankston, Jane E., Irby, Virginia, and Wagner, Dorothy L. 175

Deitz, Helen C. (See Bliss, Eleanor A.) 1
Delfs, E. (See Jones, G. E. Seegar) 359
Diagnosis of Influenza Virus Infections by the Agglutination-Inhibition Test. Farmer Thomas W., and Streeter, George A. 48
Dissecting Aneurysm Producing Coronary Occlusion by Dissection of the Coronary Artery. Wainwright, Charles W. 81
Duncan, George W.: Non-Protein Nitrogen and Protein Concentrations of Serum and Cerebrospinal Fluid in Shock 135
Duncan, Leroy (See Nelson, Russell A.) 327

Edema, Pre-sternal, with Mumps. Gellis, Sydney S., and Peters, Michael 241
Effect of Intravenous Injection of Epinephrin and Angiotonin Before and After the Production of Neurogenic Hypertension. Thomas, Caroline Bedell, and McLean, Ross L. 319
Eisenberg, Harry (See Howard, John Eager) 156
Eisenberg, Harry (See Howard, John Eager) 209
Epinephrin and Angiotonin, the Effect of Intravenous Injection, Before and After the Production of Neurogenis Hypertension. Thomas, Caroline Bedell, and McLean, Ross L. 319
Experimental Shock. II. Effects of Acute Plasmapheresis in Healthy Dogs. Price, Philip B., Metcalf, William, Longmire, William P., Hanlon, Rollins C., and Rizzoli, Hugo V. 14
Extracellular Fluid Volume, Glomerular Filtration Rate (Mannitol Clearance), Surface Area of the Body, and Plasma Concentration of Mannitol, the Interrelationships. Newman, Elliot V., Bordley, James III, and Winternitz, Jane 253

Farmer, Thomas W. (See Streeter, George A.) 60
Farmer, Thomas W.: The Diagnosis of Influenza Virus Infections by the Agglutination-Inhibition Test 48
Fatty Acids, in Vitro Effect. Studies on Common Pathogenic Fungi and On Actinomyces Bovis. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie 377
Fleischmann, Walter (See Frame, Elizabeth G.) 95
Follis, Richard H. Jr., (See Wintrobe, Maxwell M.) 102
Fracture Convalescence, Studies on. I. Nitrogen Metabolism after Fracture and Skeletal Operations in Healthy Males. Howard, John Eager, Parson, William, Stein, Kay Eisenberg, Eisenberg, Harry, and Reidt, Virginia 156
Fracture Convalescence, Studies on. II. The Influence of Diet on Post-traumatic Nitrogen Deficit Exhibited by Fracture Patients. Howard, John Eager, Winternitz, Jane, Parson, William, Bigham, Roy S. Jr., and Eisenberg, Harry 209
Frame, Elizabeth G.: The Influence of a Number of Androgenic Steroids on the Urinary Excretion of Neutral 17-Ketosteroids 95
Frankston, Jane E. (See Albanese, Anthony A.) 175
Frankston, Jane E. (See Holt, L. Emmett, Jr.) 353
Fungi, Common Pathogenic and Actinomyces Bovis, Studies On. I. In Vitro Effect of Fatty Acids. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie 377
Fungi, Common Pathogenic and Studies on Actinomyces Bovis. II. In Vitro Effects of Sulfonamides. Keeney, Edmund L. Ajello, Libero, and Lankford, Elsie 393
Fungi, Common Pathogenic and Studies on Actinomyces Bovis. III. In Vitro Effect of Penicillin. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie 410

Further Experimental Cardiac Lesions of the Rheumatic Type Produced by Anaphylactic Hypersensitivity. Rich, Arnold R., and Gregory, John E. 115

Gellis, Sydney S.: Mumps with Pre-sternal Edema 241
Glomerular Filtration Rate (Mannitol Clearance), Extracellular Fluid Volume, Surface Area of the Body, and Plasma Concentration of Mannitol, the Interrelationships. Newman, Elliot V., Bordley, James III, and Winternitz, Jane 253
Gregory, John E.: (See Rich, Arnold R.) 115
Gonadotropin, Chorionic, and Pregnanediol Values in Normal Pregnancy. Jones, G. E. Seegar, Delfs, E., and Stran, H. M. 359

Hanlon, Rollins C. (See Price, Philip B.) 14
Harvey, Abner M.: A Type of Neuritis Associated with Malarial Fever 225
Hayes, Guy S. (See Streeter, George A.) 60
Holt, L. Emmett Jr., (See Najjar, Victor A.) 315
Holt, L. Emmett Jr.: Tryptophane Requirement of Man as Determined by Nitrogen Balance and by Excretion of Tryptophane in Urine 353
Howard, John Eager: Studies on Fracture Convalescence. I. Nitrogen Metabolism after Fracture and Skeletal Operations in Healthy Males 156
Howard, John Eager: Studies on Fracture Convalescence. II. The Influence of Diet on Post-traumatic Nitrogen Deficit Exhibited by Fracture Patients 209
Humphreys, Stewart (See Cartwright, G. E.) 35
Humphreys, Stewart (See Wintrobe, Maxwell M.) 102
Hypersensitivity, Anaphylactic, Producing Further Experimental Cardiac Lesions of the Rheumatic Type. Rich, Arnold R., and Gregory, John E. 115
Hypertension, Nephrectomy for. Semans, James H. 184

Infestation of the Genito-Urinary Tract by Strongyloides Stercoralis: A Case Report. Whitehill, Richard, and Miller, Mitchell H. 169
Influence of a Number of Androgenic Steroids on the Urinary Excretion of Neutral 17-Ketosteroids. Frame, Elizabeth G., Fleischmann, Walter, and Wilkins, Lawson 95
Influence of Diet on Post-traumatic Nitrogen Deficit Exhibited by Fracture Patients. Studies on Fracture Convalescence. Howard, John Eager, Winternitz, Jane, Parson, William, Bigham, Roy S. Jr., and Eisenberg, Harry 209
Influenza Virus Infections by the Agglutination-Inhibition Test. Farmer, Thomas W., and Streeter, George A. 48
Irby, Virginia (See Albanese, Anthony A.) 175
Irby, Virginia (See Holt, L. Emmett, Jr.) 353
Irradiation Pneumonitis. Report of a Case. Alexander, Theodore O. 199
Irvin, J. Logan (See Duncan, George W.) 135
Interrelationships of Glomerular Filtration Rate (Mannitol Clearance), Extracellular Fluid Volume, Surface Area of the Body, and Plasma Concentration of Mannitol. Newman, Elliot V., Bordley, James III, and Winternitz, Jane 253

Jones, G. E. Seegar: Chorionic Gonadotropin and Pregnanediol Values in Normal Pregnancy 359
Jones, Patricia (See Cartwright, G. E.) 35

Keeney, Edmund L.: Propionate and Undecylenate Ointments in the Treatmentof Tinea Pedis and in Vitro Comparison of Their Fungistatic Antibacterial Effects with Other Ointments..... 417
Keeney, Edmund L.: Studies on Common Pathogenic Fungi and On Actinomyces Bovis. I. In Vitro Effect of Fatty Acids..... 377
Keeney, Edmund L.: Studies on Common Pathogenic Fungi and on Actinomyces Bovis. II. In Vitro Effect of Sulfonamides..... 393
Keeney, Edmund L.: Studies on Common Pathogenic Fungi and On Actinomyces Bovis. III. In Vitro Effect of Penicillin..... 410

Lankford, Elsie (See Keeney, Edmund L.)..... 377
Lankford, Elsie (See Keeney, Edmund L.)..... 393
Lankford, Elsie (See Keeney, Edmund L.)..... 410
Lankford, Elsie (See Keeney, Edmund L.)..... 417
Lauritsen, Marjorie (See Cartwright, G. E.)..... 35
Longmire, William P. (See Price, Philip B.)..... 14
Lozner, Eugene L. (See Pijoan, Michel)..... 303

MacCallum, William George 1874–1944..... 73
Malarial Fever with a Type of Neuritis Associated. Harvey, Abner M..... 225
Marbury, Ruth (See Keeney, Edmund L.)..... 417
Metcalf, William (See Price, Philip B)..... 14
McLean, Ross L. (See Thomas, Caroline Bedell)..... 319
Miller, Mitchell H. (See Whitehill, Richard)..... 169
Mumps with Pre-sternal Edema. Gellis, Sydney S., and Peters, Michael..... 241

Najjar, Victor A.: A Note on the Minimum Requirements of Man for Vitamin C and Certain other Vitamins..... 315
Nelson, Russell A.: Acute Syphilitic Meningitis Treated with Penicillin..... 327
Neurogenic Hypertension, the Effect of Intravenous Injection of Epinephrin and Angiotonin in. Thomas, Caroline Bedell, and McLean, Ross L..... 319
Newman, Elliot V.: The Interrelationships of Glomerular Filtration Rate (Mannitol Clearance), Extracellular Fluid Volume, Surface Area of the Body, and Plasma Concentration of Mannitol..... 253
Nephrectomy for Hypertension in a 2½ Year Old Child with Apparent Cure for 3 years. Semans, James H..... 184
Nitrogen Metabolism after Fracture and Sketetal Operations in Healthy Males. Studies on Fracture Convalescence. Howard, John Eager, Parson, William, Stein, Kay Eisenberg, Eisenberg, Harry, and Reidt, Virginia..... 156
Nitrogen, Non-Protein and Protein Concentrations of Serum and Cerebrospinal Fluid in Shock. Duncan, George W., Irvin, Logan J., Sarnoff, Stanley J..... 135
Nitrogen, the Influence of Diet on Post-traumatic Deficit Exhibited by Fracture Patients. Studies on Fracture Convalescence. Howard, John Eager, Winternitz, Jane, Parson, William, Bigham, Roy S. Jr., and Eisenberg, Harry..... 209
Non-Protein Nitrogen and Protein Concentrations of Serum and Cerebrospinal Fluid in Shock. Duncan, George W., Irvin, Logan J., and Sarnoff, Stanley J..... 135
Note on the Minimum Requirements of Man for Vitamin C and Certain other Vitamins. Najjar, Victor A., Holt, L. Emmett Jr., and Royston, Harriet M..... 315

Parson, William (See Howard, John Eager) 156
Parson, William (See Howard, John Eager) 209
Penicillin, In Vitro Effect. Studies on Common Pathogenic Fungi and On Actinomyces Bovis. Keeney, Edmund, L., Ajello, Libero, and Lankford, Elsie..... 410
Penicillin in the Treatment of Acute Syphilitic Meningitis. Nelson, Russell A., and Duncan, Leroy 327
Penicillin in the Treatment of Primary and Secondary Yaws. Whitehill, Richard, and Austrian, Robert..... 232
Peters, Michael (See Gellis, Sydney S.) 241
Pijoan, Michel: Vitamin C. Economy in the Human Subject..... 303
Plasmapheresis in Healthy Dogs, The Effects of. Price, Philip B., Metcalf, Wiliam, Longmire, William P., Hanlon, Rollins C., and Rizzoli, Hugo V..... 14
Pneumonia, Atypical: A Diagnostic Problem in the Tropics. Tumulty, Philip A..... 269
Pneumonitis, Irradiation. Report of a Case. Alexander, Theodore O..... 199
Pneumonia, Primary Atypical, in Cold Hemagglutination. Streeter, George A., Farmer, Thomas W., and Hayes, Guy S..... 60
Pregnanediol Values and Chorionic Gonadotropin in Normal Pregnancy. Jones, G. E. Seegar, Delfs, E., and Stran, H. M..... 359
Price, Philip B.: Experimental Shock. II. Effects of Acute Plasmapheresis in Healthy Dogs..... 14
Propionate and Undecylenate Ointments in the Treatment of Tinea Pedis and in Vitro Comparison of Their Fungistatic Antibacterial Effects with Other Ointments. Keeney, Edmund L., Ajello, Libero, Broyles, Edwin N., Lankford, Elsie, Santora, Edward, Britt, Sophia Baker Louise, Marbury, Ruth and Bacon, Ruth.. 417
Pyridoxine-Deficient Swine, Tryptophane Derivatives in the Urine of. Cartwright, G. E., Wintrobe, M. M., Jones, Patricia, Lauritsen, Marjorie, and Humphreys, Stewart..... 35
Protein and Non-Protein Nitrogen Concentrations of Serum and Cerebrospinal Fluid in Shock. Duncan, George W., Irvin, Logan J., and Sarnoff, Stanley J..... 135

Reidt, Virginia (See Howard, John Eager) 156
Riboflavin Deficiency in Swine. With Special Reference to the Occurrence of Cataracts. Wintrobe, Maxwell M., Buschke, Wilhelm, Follis, Richard H., Jr. and Humphreys, Stewart..... 102
Rich, Arnold R.: Further Experimental Cardiac Lesions of the Rheumatic Type Produced by Anaphylactic Hypersensitivity..... 115
"Rights, Honors and Privileges thereto Appertaining." Chesney, Alan M..... 149
Rizzoli, Hugo V. (See Price, Philip B.) 14
Rheumatic Cardiac Lesions, Produced by Anaphylactic Hypersensitivity. Rich, Arnold R., and Gregory, John E..... 115
Royston, Harriet M. (See Najjar, Victor A.) 315

Santora, Edward, (See Keeney, Edmund L.) 417
Sarnoff, Stanley J. (See Duncan, George W.) 135
Semans, James H.: Nephrectomy for Hypertension in a 2½ Year Old Child with Apparent Cure for 3 years..... 184
Shock, Experimental. II. Effects of Acute Plasmapheresis in Healthy Dogs. Price, Philip B., Metcalf, William, Longmire, William P., Hanlon, Rollins C., and Rizzoli, Hugo V..... 14

Shock, Non-Protein Nitrogen and Protein Concentrations of Serum and Cerebrospinal Fluid in. Duncan, George W., Irvin, Logan J., Sarnoff, Stanley J. 135
Stein, Kay Eisenberg (See Howard, John Eager) 156
Steroids, Androgenic, The influence on the Urinary Excretion of Neutral 17-Ketosteroids. Frame., Elizabeth G., Fleischmann, Walter, and Wilkins, Lawson... 95
Stran, H. M. (See Jones, G. E. Seegar) 359
Streeter, George A.: Cold Hemagglutination in Primary Atypical Pneumonia..... 60
Streeter, George A. (See Farmer Thomas W.) 48
Strongyloides Stercoralis, Infestation of the Genito-Urinary Tract with Whitehill, Richard and Miller, Mitchell H. 169
Studies on Common Pathogenic Fungi and On Actinomyces Bovis. I. In Vitro Effect of Fatty Acids. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie..... 377
Studies on Common Pathogenic Fungi and on Actinomyces Bovis. II. In Vitro Effect of Sulfonamides. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie. 393
Studies on Common Pathogenic Fungi and On Actinomyces Bovis. III. In Vitro Effect of Penicillin. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie. 410
Studies on Fracture Convalescence. I. Nitrogen Metabolism after Fracture and Skeletal Operations in Healthy Males. Howard, John Eager, Parson, William, 156
Stein, Kay Eisenberg, Eisenberg, Harry, and Reidt, Virginia. 156
Studies on Fracture Convalescence. II. The Influence of Diet on Post-traumatic Nitrogen Deficit Exhibited by Fracture Patients. Howard, John Eager, Winternitz, Jane, Parson, William, Bigham, Roy S. Jr., and Eisenberg Harry. 209
Sulfonamide Compounds, A Comparison of the Bacteriostatic Activities. Bliss, Eleanor A. and Deitz, Helen C. 1
Sulfonamides, In Vitro Effect. Studies on Common Pathogenic Fungi and on Actinomyces Bovis. Keeney, Edmund L., Ajello, Libero, and Lankford, Elsie..... 393
Syphilitic Meningitis Treated with Penicillin. Nelson, Russell A., and Duncan, Leroy 327

Thomas, Caroline Bedell: The Effect of Intravenous Injection of Epinephrin and Angiotonin Before and After the Production of Neurogenic Hypertension..... 319
Tinea Pedis, Propionate and Undecylenate Ointments in the Treatment of. Keeney, Edmund L., Ajello, Libero, Broyles, Edwin, N., Lankford, Elsie, Santora, Edward Britt, Sophia Baker Louise, Marbury, Ruth and Bacon, Jane. 417
Treatment of Primary and Secondary Yaws with Penicillin. Whitehill, Richard, and Austrian, Robert. 232
Tryptophane Derivatives in the Urine of Pyridoxine-Deficient Swine. Cartwright, G. E., Wintrobe, M. M., Jones, Patricia, Lauritsen, Marjorie, and Humphreys, Stewart. 35
Tryptophane, Methionine and Phenylalanine. The Utilization of d-Amino Acids by Man. Albanese, Anthony A., Frankston, Jane E., Irby, Virginia, and Wagner, Dorothy L. 175
Tryptophane Requirement of Man as Determined by Nitrogen Balance and by Excretion of Tryptophane in Urine. Holt, L. Emmett Jr., Albanese, Anthony A., Frankston, Jane E. and Irby, Virginia. 353
Tumulty, Philip A.: Atypical Pneumonia: A Diagnostic Problem in the Tropics..... 269
Type of Neuritis Associated with Malarial Fever. Harvey, Abner M. 225

Undecylenate and Propionate Ointments in the Treatment of Tinea Pedis and in Vitro Comparison of Their Fungistatic Antibacterial Effects with Other Ointments. Keeney, Edmund L., Ajello, Libero, Broyles, Edwin N., Lankford, Elsie, Santora, Edward, Britt, Sophia Baker Louise, Marbury, Ruth and Bacon, Ruth..... 417
Utilization of d-Amino Acids by Man. I. Tryptophane, Methionine and Phenylalanine. Albanese, Anthony A., Frankston, Jane E., Irby, Virginia, and Wagner, Dorothy L..... 175

Vitamin C and Certain other Vitamins: a Note on the Minimum Requirements of Man. Najjar, Victor A., Holt, L. Emmett Jr., and Royston, Harriet M..... 315
Vitamin C. Economy in Human Subjects. Pijoan, Michel, and Lozner, Eugene L... 303

Wagner, Dorothy L. (See Albanese, Anthony A.)..... 175
Wainwright, Charles W.: Dissecting Aneurysm Producing Coronary Occlusion by Dissection of the Coronary Artery..... 81
Whitehill, Richard: Infestation of the Genito-Urinary Tract by Strongyloides Stercoralis: A Case Report..... 169
Whitehill, Richard: The Treatment of Primary and Secondary Yaws with Penicillin.. 232
Wilkins, Lawson (See Frame Elizabeth G.)..... 95
Winternitz, Jane (See Howard, John Eager)..... 209
Winternitz, Jane (See Newman, Elliot V.)..... 253
Wintrobe, Maxwell M.: Riboflavin Deficiency in Swine. With Special Reference to the Occurrence of Cataracts..... 102
Wintrobe, M. M. (See Cartwright, G. E.)..... 35

Yaws, Treatment with Penicilin. Whitehill, Richard, and Austrian, Robert..... 232
